Acknowledgment

The annual cumulated subject index to *JASIS* was produced by the same computer programs which produce Pandex. It is an entirely automatic system for no manual indexing was performed on this data.

The work was accomplished on an IBM 360/25 and processed on an RCA Videocomp. Pandex has been photocomposed since August 1970. Pandex is published by CCM Information Corporation, 909 Third Avenue, New York, N.Y.
